Chapter I

Abstract

In a world of "A Champion for the People" tells a compelling story of tenacity and revolution. Dante Vader, a fiery rebel leader with an unwavering will to free his people, is at its core. Together with Wilhelm Snow, a renowned revolutionary who later became a reluctant pacifist, Snow must face his principles after a catastrophic defeat leaves him wounded and in hiding. Their fates clash in a final, explosive confrontation with the despotic ruler Reinhardt Luscius as they negotiate the weight of leadership, sacrifice, and the price of freedom.

Introduction:

The compelling animated film "A Champion for the People" explores the core themes of rebellion, leadership, and what it means to fight for freedom. The story tells a gripping tale of conflict and conviction, where ideals clash and the price of freedom is measured in sacrifice, set in a world where rulers are chosen by trial of combat.

The story primarily centers on Dante Vader, a fierce and resolute rebel leader whose unwavering resolve is put to the test after suffering injuries in a devastating defeat. forced to hide in order to be watched over by Wilhelm Snow, a former ruler whose tactlessness contrasts sharply with Dante's combative tactics.

Against this backdrop of tension, Reinhardt Luscious, a ruler who wields justice as a weapon, seeks to maintain order at any cost, embodying the ultimate antagonist to the ideals of freedom.

"*A Champion for the People*" is more than an action-packed journey—it's a deeply human story that explores the sacrifices leaders must make and the enduring hope that drives a people's fight for liberation. With stunning visuals, dynamic storytelling, and a profound exploration of moral conflict, this project resonates as a powerful reflection on the meaning of justice and the price of change.

Problem Statement:

In the world of "*A Champion for the People*," how can the narrative of Dante Vader and Wilhelm Snow effectively balance themes of rebellion, leadership, and moral conflict to create an emotionally resonant animated experience? Furthermore, how can the story navigate the clash of ideals between its protagonists and antagonist, Reinhardt Luscius, while visually and thematically pushing the boundaries of storytelling to inspire reflection on justice, sacrifice, and the enduring fight for freedom?

This problem statement encompasses the following key points:

- Exploring the themes of rebellion, leadership, and moral conflict
- Engaging viewers through the characters' struggles, decisions, and growth.
- Designing visually stimulating and dynamic sequences
- Pushing the boundaries of animation and storytelling techniques for deeper engagement

Objective:

A Champion for the People aims to give audiences a high-energy, action-packed animated experience that relies on the spectacle of the ridiculous, intense action, and thrilling characters. The intent for this project is to:

Create a visual thrill: Use animation stylizing, painfully ridiculous fight sequences, and moments of intense action to push the visual spectacle up a notch, heightening tension, drama, excitement, or whatever rises to action.

Embrace the chaos of rebellion: To use narratives with well-formed characters to show the spectacle of the thrill and consequences of rebellion, conquering power structures, and epic collisions, while ensuring there is an obvious reminder not to take 'anything' as gospel and reminding them this is simply entertaining.

PHINMA UNIVERSITY OF ILOILO
COLLEGE OF INFORMATION TECHNOLOGY EDUCATION

Create an emotionally rich experience: No matter how absurd and action-driven this is, the animation seeks to build an emotional landing that both let's the viewer in on the tension our characters are experiencing in desperation and triumph while existing in their own hyper-stylized world.

All for the sake of entertainment: The driving force of the story is about giving audiences a story that is simply fun and exciting with tension that relies on hype, pacing, and spectacle, while moral aspects of the narrative are always secondary to the spectacle of fun action in the story.

Scope and Delimitation of the study:

Scope of the Study:

- **Focus on Animation:** This study will look at how animation can tell stories about heroism and social justice.
- **Narrative Analysis:** It will examine the storyline and character development in "Champion for the People," focusing on the roles of Dante, Snow, and Reinhart.
- **Themes of Empowerment:** The research will highlight themes of hope and empowerment, exploring how these ideas are presented and received by the audience.
- **Target Audience:** The study will look at how the animation impacts different audience groups, especially young viewers.
- **Inspiration for Change:** The project aims to suggest ways to use animation to inspire social change and encourage action against oppression.

Limitations of the Study:

- **Personal Perspective:** The interpretation of themes and characters may be influenced by the researcher's personal views.
- **Limited Audience Feedback:** The study may not include enough audience testing since we will only show this to several audiences, affecting how well it understands viewer reactions.

Significance of the Study:

The significance of this study lies in its consideration of animation as a powerful medium of storytelling, particularly in relation to nostalgia, heroism, and social justice. To examine how it might be possible to convey and evoke hope and empowerment through engagement with narrative and characters in "Champion for the People," this research investigates this animation with adults to be able to understand how animation might be impactful for varying audiences, specifically targeting youth, and social change and action in relation to corruption. By understanding the influence of this animation with varying audiences, it is expected that it would be a vehicle for social change and provoke action from youth audiences (e.g. encouraging them to be youth activists against corrupt actions and organizations). In addition, the research contributes to the literature where animation is presented to explore how animation could help for creators to affectively engage audiences using animation to inspire and connect with their audiences. Thus, the research contributes to literature of animation as potential pedagogy for meaningful messages and social change.

Related Literature

Studio Trigger

Studio Trigger has established itself as a leading force in the animation industry, renowned for its energetic and highly stylized approach to storytelling and visual design. The works of Studio Trigger, including ***Cyberpunk: Edgerunners***, ***Little Witch Academia***, ***BNA: Brand New Animal***, and ***Kill la Kill***, have set a benchmark for dynamic and expressive animation. These projects serve as the baseline for the animation style in ***A Champion for the People***, informing both the technical execution and artistic direction of the project.

Tales of Alethrion

The simplicity of Trigger's character designs is further emphasized by incorporating principles from ***The Tales of Alethrion***. This involves an increased focus on shapes and silhouettes, ensuring that each character is easily recognizable and visually distinct. Additionally, a minimalist approach to rendering is employed, where shading is only applied when a light source, such as fire, abilities, or atmospheric conditions, makes it necessary. This selective use of shading adds depth and dimension without overcomplicating the visual style, aligning with **Trigger's** emphasis on clarity and dynamism.

Animation Style

Trigger's animation is characterized by its jumpy and springy qualities, where movement is not just functional but an extension of the character's personality and the story's tone. For instance, in ***Kill la Kill***, the exaggerated poses and rapid transitions amplify the emotional stakes of each scene. This kinetic energy becomes a hallmark of **Trigger's** work, engaging audiences through motion that feels alive and vibrant.

PHINMA UNIVERSITY OF ILOILO
COLLEGE OF INFORMATION TECHNOLOGY EDUCATION

In ***A Champion for the People***, this principle of jumpy and springy animation is applied to ensure that the characters and fights are eye-catching. The emphasis on exaggeration allows for creative freedom, where character movements and actions are pushed beyond realism to deliver a heightened sense of drama and excitement.

Character Design

Trigger's characters are known for their simple yet highly exaggerated designs. Their use of bold shapes, sharp angles, and vibrant colors creates characters that are immediately distinctive and memorable. The designs in ***Little Witch Academia***, for example, ***Mako Mankanshoku*** demonstrates how simplicity can coexist with personality, allowing each character to stand out while remaining cohesive within the larger visual world. In ***Kill la Kill***, the exaggerated proportions and expressive features contribute to the over-the-top nature of the series, making it both entertaining and impactful.

In the context of ***A Champion for the People***, this philosophy of simplicity with exaggeration has been adopted to create characters who are visually striking and thematically resonant. By focusing on bold designs, the animation ensures that each character's visual identity reflects their personality. The exaggerated elements serve to amplify the animations weight and impact, contributing to a larger-than-life atmosphere.

Story Beats and Emotional Resonance

The Yakuza series excels at creating deeply emotional storylines interwoven with moments of levity and spectacle. Each game is built around a strong central protagonist whose personal growth and struggles drive the narrative forward. In ***A Champion for the People***, this approach is mirrored by focusing on a protagonist (Dante Vader) who must navigate the moral dilemma of idling with the other protagonist (Wilhelm Snow) all while engaging in intense, action-packed fights.

The bombastic plot elements of the *Yakuza* series—such as dramatic unexpected alliances, and larger-than-life heroes and villains—inform the storytelling style of ***A Champion for the People***. These elements ensure that the narrative maintains a dynamic and unpredictable pace, keeping audiences invested in both the personal and external stakes of the story.

Chapter III

To begin with, we will provide the overview of the research. This section will establish the connection of the significance of the study to the capstone project itself. By implementing this research, we can ensure that this capstone project will have a significant impact, especially in the animation industry.

Research Description:

"A Champion for the People" is an action-animated film that focuses on entertainment. Our main goal is to give the viewers an action-packed and thrilling moment. Also, we were looking forward to the feedback of our viewers. The study undergoes with the creativity and skills of our members, and with the qualitative and quantitative research, we will make this project to the new whole level as we aim to bring this project to the next level of entertainment.

Research Methodology:

This research has many methods to employ; with the qualitative and quantitative research, we will determine in which industry we will focus.

Qualitative Research:

Qualitative data will be collected through interviews and focus groups with the film's creators, cast, and selected viewers. These methods will provide rich, detailed insights into the creative process, storytelling techniques, and emotional responses elicited by the film. Additionally, observational notes and open-ended feedback will help capture nuanced perspectives and personal interpretations, contributing to a deeper understanding of the film's artistic and entertainment qualities.

PHINMA UNIVERSITY OF ILOILO
COLLEGE OF INFORMATION TECHNOLOGY EDUCATION

Quantitative Research:

Quantitative data will be gathered via surveys and structured questionnaires distributed to a broader audience after viewing the film. These tools will measure viewer engagement, satisfaction levels, and overall perception of the film's action-packed and thrilling elements. The statistical data collected will help identify trends, preferences, and areas for improvement, providing measurable insights into the film's entertainment effectiveness.

Data Analysis:

The qualitative data will undergo thematic coding to identify common themes and patterns related to viewer perceptions and emotional responses. Quantitative data will be analyzed using statistical methods to quantify viewer feedback, such as satisfaction ratings and engagement metrics. The integration of both data types will enable a comprehensive interpretation, balancing depth of insight with measurable results, ultimately guiding future creative decisions.

Ethical Considerations:

Throughout the research process, ethical standards will be strictly upheld. Participants will provide informed consent prior to data collection, and their privacy and confidentiality will be protected at all times. Respect for participants' autonomy and voluntary participation will be maintained, ensuring the integrity and credibility of the research findings.

Conclusion:

The mixed-methods approach adopted in this study aims to provide a holistic understanding of the film "A Champion for the People" from both creative and audience perspectives. By combining qualitative insights with quantitative data, the research will offer valuable feedback to refine and enhance the film's entertainment value, helping to elevate the project to a new level of audience engagement and satisfaction.

Research Design

Collection Methods:

Script Writing: This portion will allow us to make an initial sequence on how the story will go through and how the character and settings will take place. Scriptwriting also helps us to guide us on how the story will be illustrated throughout the animation.

Storyboarding: This storyboarding process will guide us about the sequence of each scene and give us the partial illustration on what will be the sketch of the main frame of the animation.

Digital Assets Creation: The collection of digital assets, including our background, has a big impact on our project. These assets were collected and created in different software and online platforms.

Keyframing: In keyframing, we make sure that the movements of the characters will be smooth and lifelike to ensure the entertainment for the viewers. We just gather the data from our characters on how they act and express their emotion throughout the animation process.

Tools for Analysis:

Animation Softwares: The animation software that we use for this project includes **Clip Studio** and **Krita**. This animation software helps us to animate more comfortably. Also, these animation tools help us to visualize more and create outstanding results.

Editing Softwares: In editing software, we will use Shotcut and CapCut to compile all of our animation scenes and to edit the remaining effects that we want for our final touch of the film.

By implementing these collection methods and tools for analysis, we will achieve the goal. With this implementation, we will ensure that we bring entertainment to our audiences.

Selection Process of Digital tool

In part of this capstone project, the main tool that we use is "Clip Studio Paint". As this tool is a big part of this project, it helps the animator to make digital animation on a whole new level, as Clip Studio Paint has many tools and assets that other software tools can provide.

Significance of Clip Studio Paint

Creating Art: At its heart, Clip Studio Paint is for making art. That could be anything from single illustrations to complex panels. It offers a wide array of tools, brushes, and customization options to give you complete control over your creative process.

Comic/Manga Production: This is a huge focus. Clip Studio Paint is designed for this workflow. It handles paneling, balloons, text insertion (with lots of font options), and even perspective rulers for backgrounds. It allows you to create professional-looking comics and manga from start to finish.

Efficiency and Workflow: Clip Studio Paint aims to streamline the artistic process. Things like perspective rulers, 3D models, and special effects are designed to save artists time and effort, allowing them to focus on the art itself.

Compatibility: It works well with other software and hardware. Clip Studio Paint is compatible with various file formats and supports a wide range of drawing tablets.

Steps for selection

Feature assessment: By assessing the features of Clip Studio Paint, it will help the animator to have better outputs than other digital animation software.

Project Requirements: As the project needs software that makes it more flawless and user-friendly.

By selecting Clip Studio Paint, this project will make a better output, and because this software is used in the animation industry and makes a big impact on the industry, this project aims to give the audience an intense action film, and in return, we will have better feedback selecting this animation software for our capstone project.

Budget Planning

Proposed Budget: The proposed budget for "A Champion for the People" includes estimated cost for every element in every production stages.

1. Pre-production phase:

-scriptwriting (paper and pen) -Php100

-travel expenses - Php400

2. Production phase:

-animation software and animation (clip studio)-Php10,000

3. Post-production phase:

-editing software and pen tablet -Php1,000

4. Final touch and presentation:

-visual effects and travel expenses -Php 250

Total Estimated Budget: Php 11,750

ROI (Return on Investment)

To maximize the impact of the project within a budget of Php 11,750 by targeting the right audience, promoting effectively, and exploring revenue opportunities.

1.Audience Engagement:

Utilize social media platforms (Facebook, YouTube, Instagram) to share teasers, behind-the-scenes content, and trailers. This low-cost approach can generate organic interest and build an audience without significant expenses.

PHINMA UNIVERSITY OF ILOILO
COLLEGE OF INFORMATION TECHNOLOGY EDUCATION

2. Cost-Effective Marketing:

Leverage free or low-cost promotional tools such as community groups, online forums, and collaborations with influencers or content creators to increase visibility.

3. Monetization Opportunities:

- Distribute the film on free platforms (YouTube) with ads to generate revenue.
- Offer paid screenings or exclusive content for a fee.
- Explore merchandise or digital downloads related to the film for additional income.

4. Partnerships and Sponsorships:

Partner with local schools, art communities, or organizations for sponsorship or promotional support, reducing marketing costs and expanding reach.

By carefully managing the budget and focusing on organic growth and strategic partnerships, the project aims to recoup its investment through ad revenue, merchandise, or paid screenings within a reasonable timeframe, providing a positive ROI.

ROI Breakdown for "A Champion for the People"

Total Budget: **Php 11,750**

To recover the investment and generate profit through distribution, screenings, or merchandise.

Potential Revenue Streams:

Online Platforms (e.g., YouTube Ads): Php 3,000 - Php 5,000
(initial estimate)

Paid Screenings/Events: Php 4,000 - Php 6,000 (if held)

Merchandise/Sales: Php 2,000 - Php 4,000

Estimated Total Revenue: Php 9,000 - Php 15,000

PHINMA UNIVERSITY OF ILOILO
COLLEGE OF INFORMATION TECHNOLOGY EDUCATION

ROI Calculation:

If Revenue = Php 9,000:

ROI = (Php 9,000 - Php 11,750) / Php 11,750 $\approx$ -23% (a loss, but growth potential remains)

If Revenue = Php 15,000:

ROI = (Php 15,000 - Php 11,750) / Php 11,750 $\approx$ 28.7% (profit)

Break-even point: Around Php 11,750 in income

Profit potential: Achievable through strategic distribution, marketing, and partnerships.

THE NARRATOR

*Champions. They are the protectors of realms,
the shields for the defenseless, and the guardians of peace.
Theirs is a world where strength alone grants power—the right to reign,
to defend, and to lead.*

Slides of different champions from different realms are shown, much like splash art of super heroes.

THE NARRATOR

*In this world, to be a Champion is to bear a heavy mantle,
one that can only be claimed by those who prove themselves worthy.
Challengers rise and fall, testing their strength, facing trials,
and striving against the powerful.*

Slides of Champions fighting against each other are shown

THE NARRATOR

*Yet, at the end of all battles, it is only the strongest who shall reign supreme.”
“For years, one man held that title—Wilhelm Snow,
a name spoken with awe, a flame that blazed fiercely,
illuminating hope. Wilhelm’s strength was a beacon against the forces of chaos;
his fire extinguished the embers of evil that threatened his city.
But even the mightiest fires can wane.*

Wilhelm Snow is shown with a bright light behind him, he is showcased larger than life almost like superman.

THE NARRATOR

After decades of standing unchallenged, Wilhelm Snow was defeated. And in that fateful moment, the world he fought to protect was cast into shadow.”

The picture of Wilhelm Snow vanishes into dark a quote appears in the black screen

"A champion's worth is about standing up when it feels impossible. When you've got nothing left, and the world's kicking you down—that's when you prove your worth. Not for glory, not for pride, but for the people who need you to keep going, even when you've lost everything."

INT. EXECUTION CHAMBER - DAY

We see a TV turn on to view live footage

REINHARDT

(addressing the nation) "This is what defiance brings. A hero of rebellion, captured and broken. Let this be a lesson to all who would defy order, who would endanger the lives of those I am sworn to protect."

Reinhardt's gaze returns to Dante, his eyes unwavering.

REINHARDT

"For you, Dante... there is nothing left."

The execution is carried out as Dante tries one last act of defiance

DANTE

"Reinhardt! I challenge you for the title of champion!"

"You talk so grandly about ideals and courage, then how come it's not you swinging that sword!"

"All that righteousness, all that power, and you need someone else to take the blame for you? I thought you were the one who claimed to be the "father of this nation." Don't you want to set an example?"

"Then go ahead, Martyr me!"

Reinhardt raises his hand and the execution is halted just as the executioner was to drop his sword.

REINHARDT

REINHARDT

Remove his restraints.

The guards hesitate, looking to each other. Reinhardt's voice sharpens.

REINHARDT

Release him.

They obey, unclasping the cuffs binding Dante. He stumbles as he's freed but catches himself, summoning every last ounce of strength to stand tall.

REINHARDT Stands across him, an air of bravado washes over him as the two stand ready for battle

REINHARDT

Well? Say it then..

DANTE though weak and his breathing was labored, takes a deep breath to yell out with his whole diaphragm

DANTE

"I, Dante Vader, challenge you, Reinhardt Luscious, for the position of Champion. I stand before you for the hope of those who believe in a better tomorrow. I challenge you, not in defiance, but in duty to those who cannot fight. By the will of our people and the honor of the Champion's mantle, I claim my right to stand against you in combat."

Reinhardt face tenses up, a disdain look appears.

REINHARDT

"I accept."

Description of every Character:

1. Dante - The Brave Rebel

Background: Dante is a determined young rebel who wants to free his city from the evil Reinhardt. He cares about his people and wants to make things right.

Role in the story: Dante is the one who starts the fight against Reinhardt. He seeks help to save his home and keeps fighting even when things get tough.

Personality traits: Dante is brave, caring, and has strong courage. He never gives up and believes in doing what is right.

2. Wilhelm Snow - The Former Hero

PHINMA UNIVERSITY OF ILOILO
COLLEGE OF INFORMATION TECHNOLOGY EDUCATION

Background: Snow was once a hero known for saving many, but now he is tired and unsure if he can fight again. He lives a quiet life, feeling he's lost his strength.

Role in the story: Snow is found by Dante and eventually decides to help him fight Reinhardt. His sacrifice is key to winning the battle.

Personality traits: Snow is wise, calm, and caring. He is brave but feels tired and unsure, yet he finds new strength when it matters most.

3. Reinhardt - The Evil Ruler

Background: Reinhardt is a powerful and cruel ruler who wants to control the city and keep it under his rule.

Role in the story: Reinhardt is the main villain. He fights against Dante and Snow, trying to stop them from saving the city.

Personality traits: Reinhardt is ruthless, commanding, and confident. He will do anything to stay in power.

4. Hummingbird - The Loyal Ally

Background: Hummingbird is a small but brave friend who supports Dante. She is quick and smart.

Role in the story: She helps Dante find allies and fights alongside him to challenge Reinhardt.

Personality traits: Hummingbird is brave, quick, and caring. She is always ready to help her friends.

5. The Lieutenant - The Ruthless Enemy

Background: The Lieutenant is a cold, cunning soldier who works for the enemy. He is skilled at intimidating others and finding what he wants. He has a calm but threatening way of speaking.

Role in the story: The Lieutenant is the main villain during the scene. He is searching for Dante and tries to get information from Snow. He uses threats and violence to get what he needs.

Personality traits: The Lieutenant is manipulative, dangerous, and confident. He enjoys teasing and intimidating his victims. He is also very patient, waiting for the right moment to strike.

6. Jockey - The Cheerful one

Background:

Jockey is a cheerful and spirited young woman whose true strength is her enthusiasm and strategic thinking. While her combat skills are limited, she makes up for it with quick wit and positivity.

Role in the Story:

She supports Dante's mission against Reinhardt's army by boosting morale and helping plan covert operations. In a key scene, she assists Dante in ambushing a truck, showing her cleverness and bravery despite her physical weakness.

Personality Traits: Jockey is jolly, optimistic, and uplifting. Her positivity inspires others, though paired with naivety about her strength, makes her a valued ally.

Chapter V

Conclusion:

All in all, "A Champion for the People" is a powerful and inspiring story that highlights themes of bravery, sacrifice, and hope. The project involved detailed planning, including story development, character design, and the use of various animation tools. The process emphasized creativity, technical skill, and storytelling to create a compelling animated film. Through careful editing and sound, the project aimed to produce an engaging and emotional experience for viewers. Lastly, a thoughtful marketing plan was developed to promote the animation and reach a wider audience. Overall, this project served as a valuable learning journey, demonstrating the importance of teamwork, dedication, and the ability to tell meaningful stories through animation.

Summary:

"A Champion for the People" is an inspiring tale of bravery, selflessness, and leadership. The narrative centers on Wilhelm Snow, a former hero, and Dante, a valiant rebel, as they battle against Reinhardt, the despotic ruler. Story planning, character design, digital asset creation, and key scene animation using a variety of software tools were all part of the project. To improve the overall quality, the process also involved editing, sound effects, and finishing touches. Delivering an action-packed movie while simultaneously delivering significant messages about justice and hope was the aim. The team members abilities were enhanced by this project, which also gave them invaluable experience in animation production and storytelling. It is proof of the ability of animation to uplift and amuse viewers while conveying important ideas.
